## Details

1 box of letters, 40 x 30 x 20 cm; 80 transparent pockets with newspaper articles and correspondence, DINA4

The installation is based on an advertisement in the Münchner **Abendzeitung**, or rather my purchase of the cardboard box offered for sale, the contents of which document the relationship between a married man and his lover. The lovers had met twenty-five years ago through a personal ad in the same newspaper.

The installation consists exclusively of the purchased material. While the private letters can be seen untouched in their cardboard box on a pedestal, newspaper articles on the subject of love and correspondence with reader advisors, as well as all documents and messages without direct address, hang on the wall in transparent sleeves.
