

## Angelika Böck: love talk love

Solo exhibition

## 2009/05/14 2009/06/21

The exhibition at the <u>Saarländischen Künstlerhaus</u> juxtaposed the installation Plots, which presents three heterosexual love stories in ever new and different ways, with the installation 300 Love letters, price negotiable. The latter was created on the basis of an advertisement in the Münchner Abendzeitung which offered a box of love letters for sale.
